These consolidated interim financial statements, which shows a total equity of 1 696 884 196,46 MAD including a consolidated net profit of 140 148 720,99 MAD, are the responsibility of the company's management. Our responsibility is to express a conclusion on these consolidated interim financial statements based on our limited review.

We have conducted our limited review in accordance with the professional standards applicable in Morocco. A limited review consists mainly in making inquiries of members of management responsible for accounting and financial matters and applying analytical procedures. It is less in scope than an audit conducted in accordance with generally accepted audit standards in Morocco. Accordingly, a limited review provides a moderate assurance that the consolidated interim financial statements as a whole are free of material misstatement and a lesser assurance than would result from an audit.

Based on our limited review, we have identified no material irregularities that would indicate that the enclosed consolidated interim financial statements are inconsistent with the generally accepted accounting principles in Morocco.
